WHAT'S IN THE NEW SOCIAL STUDIES C3 INQUIRY ARC FOR ME?

The **College Career, and Civic Life (C3) Framework** for Social Studies

State Standards: Guidance for Enhancing the Rigor of K-12 Civics, Economics, Geography, and History builds upon the **Common Core Learning Standards**

"The C3 Framework is the result of a three year effort led by more than 20 States with the cooperation of 15 Social Studies Content Organizations, including the National Council for the Social Studies, (ATSS/UFT is New York City Local Council affiliate). The C3 Framework was developed for states to upgrade their state social studies standards and for local school districts, schools, teachers and curriculum writers to strengthen their social studies programs. Its objectives are to: a) enhance the rigor of the social studies disciplines; b) build critical thinking, problem solving, and participatory skills to become engaged citizens; and c) align academic programs to the Common Core State Standards for English Language Arts and Literacy in History/Social Studies."
